A Churn That Churns inone minute I have been in the dairy business all my life

and have many times churned for an hour before butter would appear, so when I heard of a churn that would churn in a minute, I concluded to try it. Every day for a week I used it, and not only could I churn in a minute but I got more and better butter than with the common churn. This is very important information to butter makers. The churn works easily and will churn an ordinary churning in less than sixty seconds. I have sold two dozen of these churns in the past mooth. Every butter maker that has seen me churn in less than a minnte bought one.
You con obtein all desired, information regarding the churn by addressing J. F. Casey & Co.,

I read how one of your subscribers made money selling Dishwashers; I ordered one, and my lady friends were charmed, as they hate dish washing. My brother and I commenced selling them, and have made \$1,700 after paying selling them, and have made \$1,700 after paying all expences. We don't canvass any. Our sales are all made at home. People come or send for them. The Mound City Dish Washer is the best dishwasher on the market. Our business is increasing, and we are going to keep right on until we make ten thousand deliars. We sell from 5 to 15 machines every day, and some days more. The Dishwasher is lovely, every hoousekeeper wants one. There is no eyevery hoousekeeper wants one. There is no excuse to be poor when so much money can be made selling Dish Washers. For full particulars, address The Mound City Dish Washer Co., St. Louis, Mo.
